

# Gianguido Sorà

## Contacts

**Phone** | +39 371 399 1853  
**Mail** | work@gsora.xyz

**Web** | <https://me.gsora.xyz>  
**Code** | <https://git{hub,lab}.com/gsora>

---

## Work experience

**2019 - current** | *Commercio.network*, working as an independent contractor on Cosmos-based blockchain technologies, shipped the first project **mainnet** after coordinating a testing/correctness effort lasting multiple months, as well as complimentary REST services.

**Technical skills** | Go, Linux systems, git, C, Swift

## Personal projects

**TrailTracker** | Swift - privacy-minded, Strava-like GPS tracking app, with a Pebble watch HUD.

**tzw** | Go, C, ARM TrustZone - Bitcoin hardware wallet PoC developed from scratch.

**moboot-pre3** | C, Linux - custom low-level bootloader for the HP Pre 3 smartphone.

**hid-compiler** | Go, Linux - Rubber Ducky-like software, compiles ASCII strings into HID scancodes via the Linux USB HID gadget interface.

## Education

**2019** | *Bachelor's Degree in Computer Science, Università degli Studi di Salerno.*  
Studied software engineering, focusing on software security.

## Languages

**Italian** | Mother tongue  
**English** | Fluent

## Interests

**Music** | Been practicing guitar since I was 15.  
Love everything music-related.

**Open source** | I love helping the open source community, by submitting patches to various projects.  
Contributed to the Go's [golang.org/x/sys/unix](https://github.com/golang.org/x/sys/unix) package, as well as the Gentoo's Portage tree.

**MTB** | I ride local trails about twice per week.
